

Centre en chimie verte et catalyse

La chimie réinventée pour un avenir plus propre
Chemistry reinvented for a cleaner tomorrow

Centre in Green Chemistry and Catalysis

PROFESSOR TAMEJIRO HIYAMA
Department of Material Chemistry
Kyoto University Katsura (Japan)

INVENTION OF TRANSITION METAL-CATALYZED CARBON-CARBON BOND FORMING REACTIONS FOR ORGANIC SYNTHESIS

LUNDI 12 AVRIL 2010

Salle M-415, Pavillon Roger-Gaudry
11 h 30

MONDAY, APRIL 12, 2010

Room M-415, Roger Gaudry Building
11:30 a.m.

Université 
de Montréal
