As part of an educational series of seminars Agilent is pleased to host, jointly with the University of Montreal and the Center for Green Chemistry and Catalyst, a day to perfect the understanding of **Supercritical Fluid Chromatography**. The guest speaker for this event will be **Dr. Terry Berger** from Aurora SFC Systems, coined by Dr. Pat Sandra of the Research Institute of Chromatography in Ghent as the “**Father of Packed Column SFC**”.

### Agenda

- **History and direction of SFC Systems**  
Dr. Terry Berger, Aurora SCF Systems
- **A New Era in SFC Applicability**  
Dr. Tony Brand Agilent Technologies
- **Practical applications in chiral and achiral analysis**  
Dr. Alexandra Furtos University of Montreal
- **Practical applications a broader perspective**  
Dr. Terry Berger, Aurora SFC Systems

**Take advantage of this unique opportunity to learn from the experts!**

Lunch will be served and parking will be free.
